

REMARKS/ARGUMENTS

Reconsideration of the application is requested.

The suggestive subheadings have been inserted into the specification. Also, a revised Abstract is presented, which is limited to fewer than 150 words and which describes the invention in narrative form.

It is believed that the specification meets the requirements of 35 U.S.C. § 112, first and second paragraphs. Should the Examiner find any further objectionable items, counsel would appreciate a telephone call during which the matter may be resolved.

If an extension of time is necessary for this paper, petition for extension is herewith made. Please charge any fees which might be due with respect to Sections 1.16 and 1.17 to the Deposit Account of Lerner Greenberg Stemer LLP, No. 12-1099.

Respectfully submitted,

/Werner H. Stemer/
